

What Should Our Team Do When We Meet Together?

This resource will give you an outline for how to spend time with your campus ministry team and give you ideas about how to stay connected to each other throughout the week!

Share...Pray...Dream

“**Share, Pray, Dream**” is an exercise you and your team completed together in the “Community” section of this workbook. This exercise is an excellent way for your team to spend time together, going deeper in community, getting to know each other better, praying for each other, discovering the people God is calling you to reach out to on your campus, encouraging each other, and keeping each other accountable for actively loving the people God has placed on your heart! We recommend using this outline to guide your times together. You can pick and choose which aspects of the exercise you do from week to week if you are short on time!

On the next page, you will find something called a “**Student Gear Card.**” Have everyone on your team print out one of these cards on our website and put it in their wallet, folder, etc. This is a great way to stay connected with each other during the week and to stay aware of how God is calling you to love Him and love others!

SHARE...PRAY...DREAM

SHARE:

- A story about what God has done in your life since you last met.
- A story about what God is doing in your relationships with the peers God has put on your heart to love and reach out to.
- Prayer requests for the peers on your list...adopt those peers and be responsible for them as a team.
- Personal prayer requests.

PRAY:

- For your campus and for the needs that can be met on that campus.
- Pray for each other, as missionaries, and for the requests that were expressed.
- Pray for the peers God has placed on your heart.
- Pray for teachers, administrators, coaches, etc.
- Pray that the Spirit would lead you and give you wisdom into what you can do/be on your campus.

DREAM:

- What can you specifically do this week to seek out and show love to those peers God has placed on your heart?
- What are some things you can do to tangibly meet those identified "needs" on your campus (or with your peers) and serve like Christ did?
- What are some other things you feel the Spirit is calling your team to actively do on your campus (that will meet needs and benefit your personal ministries)?
- Keep each other accountable for these things (“Holy Experiments”) and share stories about what happened next week!
